SEED TRT's KEY: A - Allegiance, AM - ApronMaxx, AP - ApronXL, CM - CruiserMaxx, E - Excaliber, G - Gaucho, PO - PunchOut, SG - Sure Gro, SGD - SoyGard, T - Trilex

FIELD NOTES: Stands at this location were plenty heavy. Planter was dropping several thousand more than we anticipated. Soybean seeds were very large (2200 - 2400 seeds/lb). Lodging was a combination of tall plants and

high populations. There was very little evidence of any insect or disease pressure.

A list of all the varieties in this test is available at www.firstseedtests.com
