SEED TRT's KEY: A - Allegiance, AM - ApronMaxx, AP - ApronXL, CM - CruiserMaxx, E - Excaliber, G - Gaucho, PO - PunchOut, SG - Sure Gro, SGD - SoyGard, T - Trilex

FIELD NOTES: This plot was in a low lying, well drained bottom. Lodging was severe due to the plants being extremely tall. Almost the entire plot was a mat of beans a foot tall. There was evidence that some varieties had

White Mold issues. Most varieties still had green stems and their leaves attached.

A list of all the varieties in this test is available at www.firstseedtests.com
