### TEST COMMENTS:

*This was a beautiful plot. Planted in perfect soil conditions followed that day by a nice rain. Nice even and uniform emergence across the plot. The location was awesome looking all the way from VE through R6. The plot was able to remain healthy throughout the dry August, and it showed at harvest. Stalk and root quality were outstanding; cobs were girthy and filled out to the tip. Very small amounts of grey leaf spot and common rust were present.*
