2021 Corn Silage Testing Regions

Harvest reports will identify company as shown in **bold**.

‡ Su GC = grower comparison, CK = check
† See abbreviation descriptions below

Products and Regions in **BOLD** identify hybrids tested in both 2021 & 2020
Regions in **BLUE** identify products that placed in the regional Top 30 in 2020

2021 Corn Silage Entries

Brand† **RM Tech.†** **RIB** **STrt†** **Region(s) Tested**

AgriGold | AgriGold [AgReliant Genetics, LLC]

INDEPENDENT YIELD TRIALS LOCAL RESULTS

More information available at www.firstseedtests.com

Harvest Reports and **Region Summaries** provide field and multi-county summaries of corn grain, soybean, and corn silage yield performance from locations that are representative of their areas. Find your local test results using interactive maps online. Sign up for free to receive email with links to the latest harvest reports at www.firstseedtest.com/signup/

Performance Summaries highlight the results from regions operated by our Field Managers (see introduction on the front cover). Yield performances of the Top 30 products are compiled to help you **FIND THE BEST SEED PRODUCTS** for your farm. All editions are available at www.firstseedtests.com/national-summary-reports/

Product Search provides all the yield results for individual corn grain and soybean products. Look up a product to review all of its FIRST tests including yield and yield advantage, field conditions, and report links at www.firstseedtests.com/product-search/
